SUPPLEMENTARY INFORMATION:

Summary of Information Collection

The Federal Medical Care Recovery Act, 42 USC 2651-2653 as implemented by Executive Order No. 11060 and 28 CFR 43 provides for recovery of the reasonable value of medical care provided by the United States to a person who is injured or suffers a disease under circumstances creating tort liability in some third person. DD Form 2527 is required for investigating and asserting claims in favor of the United States arising out of such incidents.

When a claim for CHAMPUS benefits is identified as involving possible third party liability and the information is not submitted with the claim, the TRICARE/CHAMPUS contractor requests that the injured party (or a designee) complete DD Form 2527. To protect the interests of the Government, the contractor suspends claims processing until the requested third party liability information is received. The contractor conducts a preliminary evaluation based upon the collection of information and refers the case to a designated appropriate legal officer of the Uniformed Services. The responsible Uniformed Services legal officer uses the information as a basis for asserting and settling the Government's claim. When appropriate, the information is forwarded to the Department of Justice as the basis for litigation.
